Lake Margrethe Search False Alarm

The Crawford County Sheriff Dept. diving team and helicopters from Camp Grayling's air patrol were called out to Lake Margrethe Wednesday, July 13, at 5:30 p.m. for a possible drowning, but the subject of the search later turned up safe. The man who was believed missing had went for a boat ride with friends and returned to the search scene later identifying himself. The man apologized for the confusion he caused & authorities wrote the search off as a good exercise.

In other police news, a trash and grass fire burned a half acre in the Grayling Industrial Park July 12 in the evening. A device that may have started the fire was found at the scene and the Crawford Co. Sheriff Dept. is asking anyone who noticed persons in the area that day to call.

Stocktons Set Record 4 Local Teams Finish

Brett and Butch broke their own record at the Manton Canoe Races Sunday held on the Manistee River and finished nine and a half minutes in front of the second place team.

The Stocktons clipped four and a half minutes off their record set last year. John Baker, of Grayling, held the record before the Stocktons.

The Stocktons outlasted 95-degree heat in the five hour race to beat out 30 teams. Twice they jumped in the river to cool off while switching ends of the canoe, Brett said.

Three other Grayling teams also fared well in the Manistee River race. Baker and Dave Shepherd came in fifth, Ed LaMotte and M. Harwood took sixth, and Chauncey Carr and Doug Mowrey also placed.

'Bandits' Rob Ohio Guards

The 416th Engineer Group Headquarters Company Mess Section was invaded July 14 and robbed by masked bandits wearing striped uniforms. At approximately 2300 hours the bandits attacked the food supply and actually made off with an undetermined amount of food.

Sergeant First Class Simon and his men were awakened and used whatever they could to drive off the aggressors. CW4 Russell Wannemacher said "they were as big as dogs." Wannemacher also said, "They tried to scratch through the tarp on the mess truck."

The situation was remedied the following evening with a Coleman lantern and a battery powered radio playing loud hard rock music. The intelligence section determined that the bandits were actually a group of racoons out for a late night snack.

The Demolition Ranges located south of Howe Rd, west of the Crawford County line, north of Danneels Road and east of the gas pipeline. Firing will begin at 8 a.m. on 19 July 1983 and cease at 7 p.m. on 22 July 1983.

HERO RECEPTION—Area businessmen gave a hero's luncheon Friday, July 15, at the Grayling Holiday Inn for Ronald "Scotty" MacLeod for his alert community action on February 27. While having a cup of coffee and reading the Sunday paper at the Grayling Legion Bowling Alley, MacLeod noticed three men suspiciously checking the Legion building. He followed the men out and wrote down the license number of the vehicle which later helped police catch the three men after they broke into the Legion Sunday night. Ralph Stevens presents MacLeod with a plaque while Betty MacLeod watches.

International Flavor Ohio Guard Unit Meets German Soldiers

The men of Company C, 612th Engineer Battalion of Norwalk, Ohio have been doing some local, state, and international entertaining at summer camp. The unit, which is comprised of around 130 personnel, is manned by soldiers who reside in Huron County and nearby north central Ohio Counties and is commanded by Captain Thomas Barnhizer of Lambertville, Michigan.

In addition to their tactical training at Camp Grayling — which includes bridge building, construction of Hawk Missile Sites, the laying of mine fields, and demolition work using high explosives — the unit must maintain a combat-ready posture, expecting simulated attacks by enemy forces and gas attacks from the opposing air forces.

In this two-week summer

camp which started July 9, the men of Company C have demonstrated their combat readiness to VIP's from their home county and state, and also have shared their skills with four visitors from the West German Army. All VIP's toured the Company C bivouac area, visited with troops during mess, in concealed foxhole positions, and while using their heavy equipment and demolition skills.

The German Soldiers were here as guests of the

400 Trout Await Kids

The Winter Carnival in July — it could only happen in Grayling, but of all things, it will take the form of a kids' fishing contest in open water.

The contest will be held just prior to the AuSable Canoe Marathon on July 29 from 6:30 to 8:30 p.m.

The Grayling Youth Booster Club has agreed to finance the planting of 400 frisky trout. All of them will be legal size, but about 50 will be in the trophy class. The fish will be contained in one area of the City Park

\$18,000 Recovered Through County Bad Check Program

by Jon Thompson

A bad check program operated by the Crawford County Prosecutor's Office has been earning it keep the last year and a half.

In 1982 the program collected \$11,500 from bad check writers, and in 1983, \$6,500 has already been collected through June with 26 old cases closed and 57 new cases being investigated.

The Prosecutor's Office has been getting tough on small bad check amounts on up to the big spenders — including a \$3000 bad check written last year and a \$2000 bad check written this year.

"We treat all the cases the same regardless of the amount," said Penny Shepherd, assistant to John Huss, Prosecuting Attorney, and David R. Sabin, Assistant Prosecuting Attorney.

Most of the bad checks Crawford County businesses receive are from persons living in a 50-mile radius of Grayling. Grocery stores and party stores receive the most bad checks in Crawford County while furniture stores and gas stations here manage to steer clear of bad checks most of the time.

Shepherd said the Prosecutor's Office seems to have a better response in collecting on bad checks than businesses do and she said there was no charge to businesses to enlist the help of the Prosecutor's Office.

The bad check collecting procedures begin

at the businesses. Usually if a check comes back with a non-sufficient funds mark from the bank, the business will submit the check to the bank again. If the check comes back again, then the business is advised to send a certified bad check notice to the individual.

If this fails to produce money, then the business can go to the city police or the sheriff dept. and file a report. This is where the Prosecutor's Office steps in.

The Prosecutor's Office sends a letter warning the individual if payment isn't received in a week a warrant will be issued. Weekly and monthly payment schedules can be arranged by the individual with the Prosecutor's Office if necessary.

If the letter fails to bring results, a warrant is issued and the bad check writer faces courts and possible jail sentences.

Bad checks come in two forms. A non-sufficient funds check means an individual has a checking account but does not have enough money in it to cover the check. A no-account check means the checking account was closed before the individual wrote the check.

A non-sufficient funds check from \$1 to \$50 carries a 90 day possible jail sentence and \$100 fine. A non-sufficient funds check for more than \$50 carries a one year or \$500 fine. A no-account check carries a two year or \$500 fine.

Women Team To Challenge AuSable River Marathon

by Jon Thompson

Two women, Valerie Fons, of Washington, and Anne Kobylenski, of Montana, will test their backs, arms, and willpower in one of the world's most grueling races — the 240-mile non-stop AuSable River Canoe Marathon.

Fons and Kobylenski will be only the second professional woman team to attempt the marathon in the 35 years its run. In 1973, Donna Buckley, then 32, and Truda Gilbert, then 19, finished the Grayling to Oscoda course in 22 hours, 12 minutes, and 20 seconds (seven hours and 16 minutes behind the winners) in 17th place out of 29 teams.

This year's 38th Annual AuSable River Canoe Marathon on July 29 and 30 offers \$8000 in prize money and trophies with \$1650 going to first, \$1200 to the second place team, \$975 to the third finishers, and on down to money prizes for every team finishing within four hours of the winners.

A aluminum canoe division and one-man canoe division will add a new look to this year's marathon. Both the new divisions will race during daylight 17 miles downstream to

Stephans while the amateur and professions teams run the traditional Grayling to Oscoda course racing Saturday night and finishing Sunday around mid-day.

The professional division will feature some of the best racing teams in North America testing 240 miles of twisting river channels and six portages. Defending champions Butch and Brett Stockton, from Grayling, have been tuning up for the race with wins in Windsor, Kalamazoo, Au Train, Roscommon, and other area races.

The Stocktons, along with John Baker and his partner, are favorites for the title, and they'll be aiming at the record time of 14 hours, 29 minutes, and 1 second set by four-time winner John Baker, of Grayling, and Ken Brown, of St. Clair Shores.

The woman team will have extra encouragement to finish from their "bank-runner", a person who follows the team along the river course giving them food and refreshment. Helping the two women will be none other than Verlen Kruger, a 58-year-old St. Johns man who is in the middle of paddling 25,000 miles around the world.

Local Wide Receiver Catches Pro Attention

by Jon Thompson

"It's starting to get exciting," Grand Valley wide receiver Bill Lucksted says of the interest pro scouts are showing in him before his senior year.

Lucksted, a 1980 graduate of GHS, has already been contacted by the Cincinnati Bengals, New York Jets, and Michigan Panthers, and more teams will likely be after the six-foot solidly built receiver if he continues to break records at GVSC.

Last year Lucksted broke the single high for completed passes before a senior receiver, who has signed with the Lions, broke Lucksted's record. But if the former Grayling receiver enjoys another successful season he'll break the college career touchdown, career completions, and most career yardage records.

Lucksted, who also returns kick-offs for GVSC, has started every game since making the varsity squad his sophomore year. His first year at Grand Valley he played for the J.V. squad as a receiver — a position he almost never got started in.

At GHS as a freshman, Lucksted, a scrappy hitter, was put at center to give some speed to the line. After battling players twice his size half the season he was switched to receiver where he excelled earning all-league honors his junior and senior year and picking up a Golden Helmet award from the Bay City Times.

"I learned a lot from Coach Klinger at GHS," Lucksted said. "He was new from the Detroit area then and the whole team respected him. I never would have went to college without him. He's the one who talked me into trying it."

"Fred Wolcott was a good receiving coach for the team also. I had good high school coaching that helped prepare me for Grand Valley."

Lucksted returns to football practice August 18 after spending the summer working

at a marina on Higgins Lake. He's been working out on weights at home and trying form-running to improve the motion used in sprinting. His job at the marina also calls for a lot of lifting and he swims a lot for cardiovascular exercise.

When he returns to the field this fall he wants to improve his 40-yard speed from 4.7 seconds to 4.6 to make him more attractive in the pro draft. At 185 pounds he's not the biggest receiver to try out for the pros, but the scouts have assured him he's big enough.

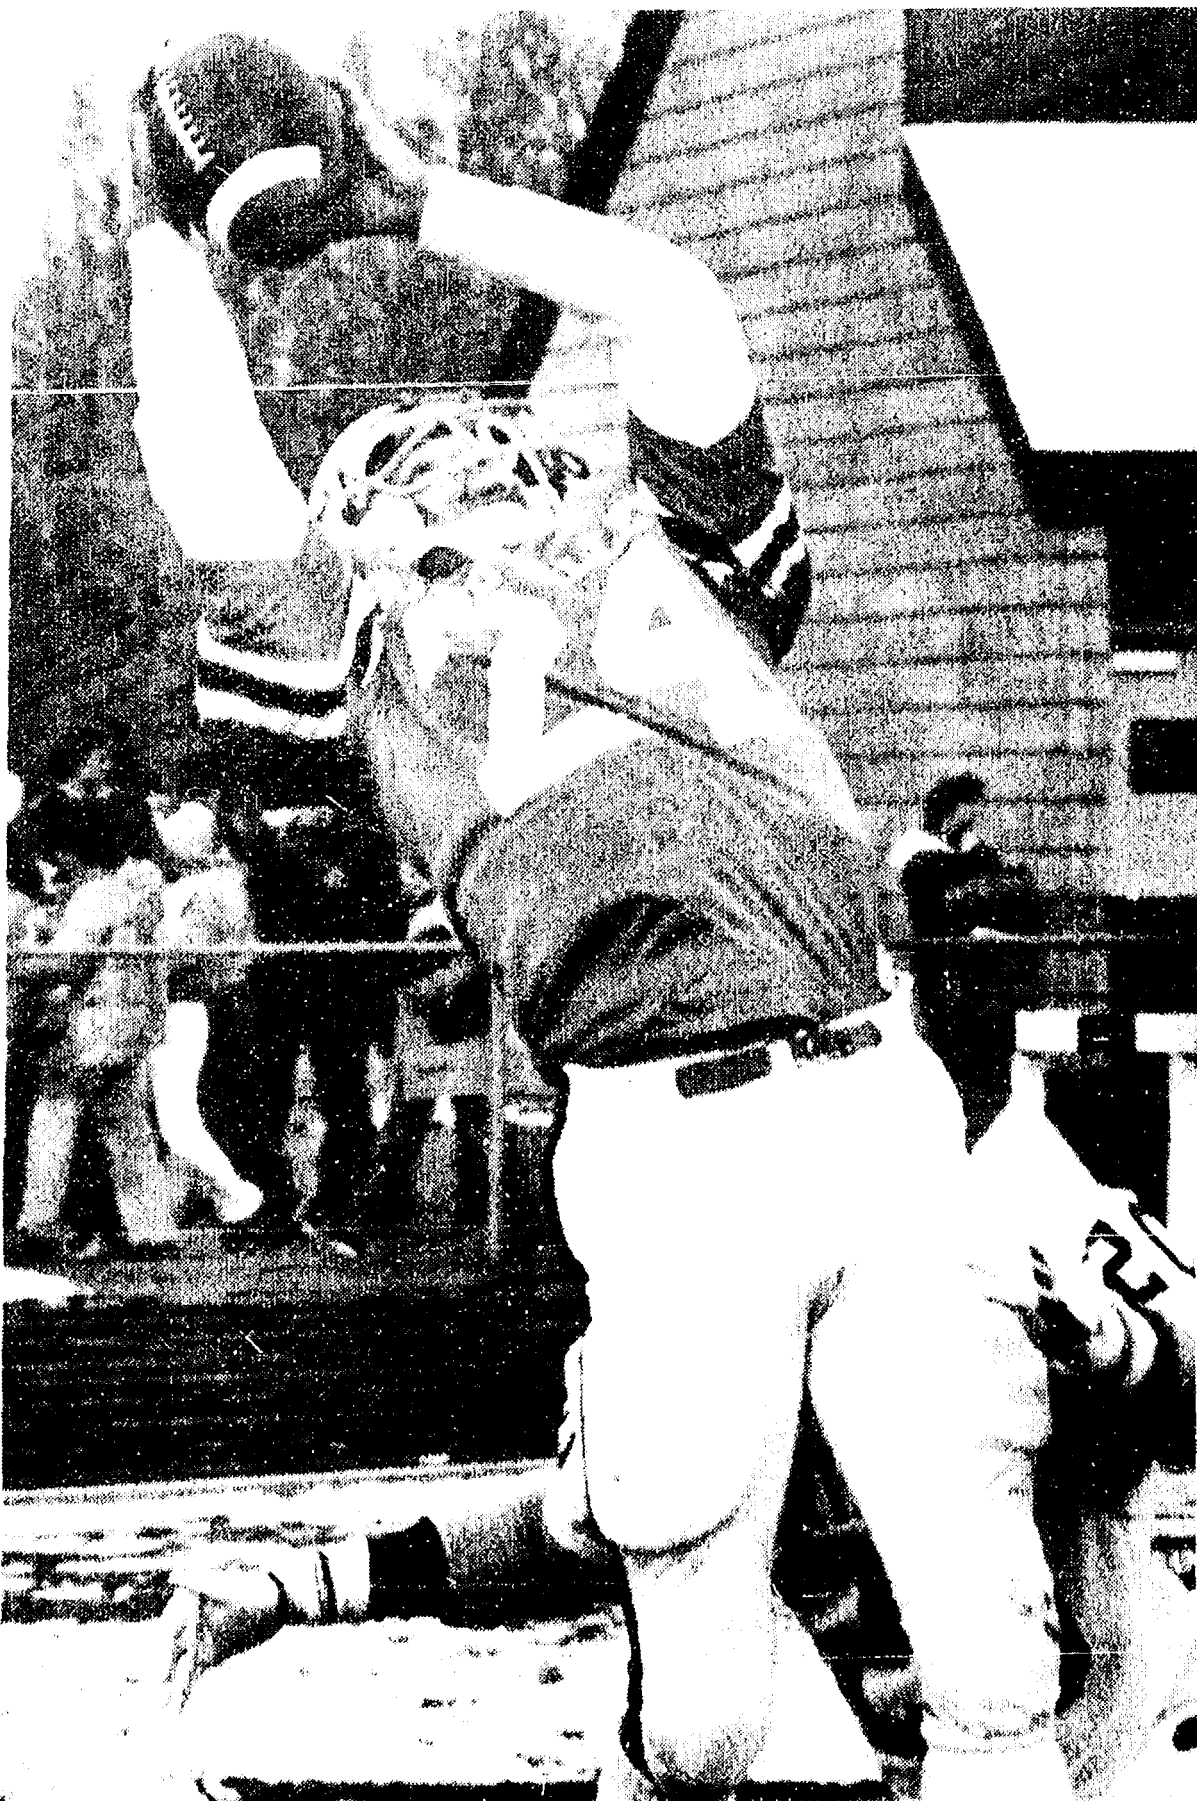

"I know it will be hard work to make it in the pros but I have enough desire to do it and I think that's the important thing. I'm willing to work hard at it for a couple of years and give it my best shot. It's nice to know I'll still have my degree to fall back on."

Lucksted may have one foot in the door of the professional ranks because of his friends who have gone from Grand Valley to the Detroit Lions. Joe Rubik, a tight end, and Jeff Chadwick, a receiver, stopped by at the marina to see Lucksted before they headed to the Lions summer camp. Rubik caught a key touchdown last year in a victory that helped the Lions make the playoffs and Chadwick will be trying to make the team in his rookie year.

Grand Valley has also sent the Seattle Seahawks and San Francisco 49ers starters in recent years and Lucksted would like to follow the pattern.

"If I have a choice I will lean toward the NFL because it's more stable," Lucksted said. But the success of the Panthers and the USFL has opened a big market for young players.

Which is all the more reason Lucksted wants to stay healthy and enjoy a senior year much like his junior year. In one game against Northwood he caught three touchdown passes, one for 53 yards, and earned 136 total yards. Not a bad day for a player who started out as a center.

From Our Corner...

We have been staring at ol' Smithy now for about a half hour and all we can think about is the heat...seems like not long ago it was in reverse...all we were thinking about was the sub-zero weather we were having...the heat we can stand, the big problem right now is the fact of no rain...the forests are tinder dry and everyone should use extreme caution while camping out or just canoeing if you smoke or use matches for anything...the fire index is at the explosion point...

For our friends who have inquired how Thelma is progressing, we're happy to report that she seems to improve every day since we arrived home...each day she accomplishes a little bit more...just goes to prove there is no place like home...she still has a ways to go for complete recovery, but each day is encouraging...

We were pleasantly surprised Sunday when John and Toni and T.J. and Stefany came for the afternoon, and also Dick and Donna Milliman stopped in on their way back to Lansing following the weekend at Mackinac Island attending the Michigan Press Association summer convention. Dick is President of the Avalanche, Inc.

From all reports...things are all go for a bigger and better Milltown Festival than ever...there will be events for everyone in the family to enjoy, so plan now on spending some time during the events that are scheduled from Friday, July 29th through Sunday, August 7th...

In conjunction with the Milltown Festival this year will be the 35th annual running of the World's Championship AuSable Canoe Marathon that will start from Grayling at 10:00 p.m. Friday, July 29th for the 240 mile race to Oscoda on the shores of Lake Huron...this is another event you will not want to miss...the excitement electrifies the air just prior to the racers hitting the river...

Gee...Gosh...it really is good to be back home...we met many interesting men while we were at the Motel...one in particular I remember, through our conversation of talking about our wives in the hospital, the weather or what have you (I almost became a fan of the Minnesota Twins, they play like the Tigers do most of the time), any way this fellow was from South Dakota and told me he knew Barry Goldwater and Hubert Humphrey personally due to during his life he had lived like some five miles apart of the two statesmen...

Another man we got to know, he and his daughter from Iowa were there and his wife had four aneurysms removed and she had a fifth that the doctors could not get to...she spent just about the same amount of time in the hospital that Thelma did...but for different circumstances...

Another person was from Florida, and dealt in buying and selling livestock...while he was there he did all his business out of a briefcase and the phone...

Another man was a farmer from Kansas...his wife had problems with her spine, and was there also for a long time...he told me he was concerned for his crops of corn, wheat and soy beans, at that time they had had too much rain and he was worried about his harvest...

All and all no matter where one goes there seems to be trouble of some sort...all you have to do if you start feeling sorry for yourself...take a trip to Rochester, Minnesota and visit Mayo Clinic, Methodist Hospital and St. Mary's Hospital...we're sure you will come away with a different outlook on life...

We're doing our corner on Sunday and trying to complete it as we have to take Thelma to Traverse City Monday afternoon for a check up with Dr. Zimmerman who will follow up on her surgery...we normally add some Monday night, I doubt if we will be back in time...so we will sign off with our good-night to T.J., Stefany and Amber...and to all of our readers have a nice weekend...

Save a life.

The Bible Speaks

From Calvary Baptist Church

Christians Should Mature Together

Romans 14:19-23

God saved us to conform us to the image of His Son, Jesus Christ. (Romans 8:29) Both baby Christians and mature Christians should be moving together toward that goal. The mature Christian who is strong in Bible faith needs to show more love to the weaker brother. (Romans 14:15) The weaker Christian needs to grow in faith by studying the Bible more, instead of trying to judge stronger Christians who do things his weak conscience will not permit. "Let us therefore follow after the things which make for peace, and things wherewith one may edify another." Romans 14:19.

The work of God is more important than individual differences between strong and weak Christians. "For meat destroy not the work of God. All things indeed are pure; but it is evil for that man who eateth with offence." Verse 20. We must remember in serving God that a thing which is pure for the strong Christian, may yet be evil and destructive to the weak Christian.

The strong Christian should be careful not to do anything around the weak Christian which will weaken or harm his growth. "It is good neither to eat flesh, nor to drink wine, nor anything whereby thy brother stumbleth, or is offended, or is made weak." Romans 14:21.

Bible knowledge produces freedom of conscience because the strong Christian learns from God exactly what is right and wrong. The stronger a Christian becomes in the faith, the more freedom he receives from God. It is important that he does not abuse that freedom to destroy weaker Christians. "Hast thou faith? have it to thyself before God. Happy is he that condemneth not himself in that thing which he alloweth." Romans 14:22. Make sure God has approved your action. Exer-

cise your faith in private before God and not in public where it will offend other Christians. Christian freedom brings happiness when it is used and not abused.

The weak Christian cannot use stronger Christians or the Bible as a licence to practice that which their conscience condemns as wrong. "And he that doubteth is damned if he eat, because he eateth not of faith: for whatsoever is not of faith is sin." Romans 14:23. The weak Christian is limited in what he can and cannot do, because he does not yet know the Bible. It is a sin to do anything your conscience questions as wrong. You may only do that thing when the Bible corrects your conscience, and you know it is right. It is just as wrong for the weak Christian to remain ignorant of Bible knowledge, as it is for the strong Christian to withhold love from the weaker brother.

New babies are cute, and we go to great extremes to see that they don't get hurt around the house. But, as babies grow we place more and more responsibility upon them. As they learn to walk and talk we expect them to gradually learn new modes of conduct. We spend many years with our children watching them reach physical maturity. We should be willing to treat new babies in Christ the same way. (adv.)

Governor Pleased with Legislative Accomplishments

Warren M. Hoyt, Executive Director, MPA

When the legislature adjourned until September, it had completed, in some form, action on most of the programs Governor James Blanchard had proposed during the winter and spring.

While those proposals did not often end up as originally designed — such as a temporary 38 percent income tax increase instead of a permanent raise and \$43 million to go for a combination workfare and home heating assistance program for welfare recipients, instead of a grant level increase — aides to Blanchard said there "were no priorities that were not achieved" in the session just ended.

The entire session was highlighted by Blanchard proposals including the summer youth jobs program, with few legislatively initiated proposals being completed in the first six months of the session.

Both the governor and House speaker Gary Owen (D-Ypsilanti) said the fall session will concentrate on more economic development proposals, but other issues will be considered as well, other leaders said, such as utility proposals to guard against home heating shut-offs and possible debates on education policy and streamlining the Department of Natural Resources.

Of actual proposals Blanchard made during the session, aside from the strategic investment bank and related proposals — which were just introduced during the last days of the summer session — only two measures have not been enacted into law.

Both of those deal with small business single business tax breaks — increasing gross receipts filing exemption for small businesses to allowing franchise businesses to deduct costs made to the franchiser.

Both are in first house committees.

Along with those, the \$100 million in bonds for transportation and \$198 million in bonds for the state housing development authority, which are both part of the governor's jobs program, have not been sold yet.

Sue Carter, press secretary to Blanchard said the session resulted in no gubernatorial priorities not being enacted.

"And the surprising thing is a lot of it has gone through as quickly as it has. He feels he's ahead of schedule," Carter said.

More proposals are expected to be offered in the fall including further efforts in job training, ending some regulations and enhanced community development.

Two other major tax proposals suggested by the governor in his May economic message — a single business tax credit for research and development and eliminating the employment compensation and worker compensation payments from the SBT base — are expected only to be considered if the state's revenue picture continues to improve.

Republican leaders in the legislature, meanwhile, were not as pleased with the outcome of the session, suggesting that no major efforts were made to improve the state's competitive posture to other states.

"We still haven't done anything about the business climate," said House Republican Leader Michael Busch of Saginaw.

Senate Minority Leader John Engler of Mt. Pleasant said he was optimistic at the start of the session "that we would have tangible economic issues, but we've really postponed that matter until fall."

Townley-William Exchange Vows

Miss Paula Townley and Loren Williams were united in marriage on Saturday, June 23, 1983 at Calvary Baptist Church. Pastor Robert Barnett officiated at the double ring ceremony. Pianist was Mrs. Judy Englund. Musical selections included "Wedding Song" and "Flesh of my Flesh", sung by Scott Steiner, of Grand Rapids; "Gentle Quiet Spirit" and "We've Only Just Begun", by Carla Sheaffer, of Grand Rapids and "The Rose", sung and played on the guitar by John Tobin of Midland. The altar was decorated with baskets of wild flowers consisting of miniature Carnations, Daisies, Alstroemeria, Bachelor Buttons, Sweet Williams, Babys Breath and Asparagus ferns. All the baskets were hand-made by the bride.

Given in marriage by her father, the bride wore a floor length candlelight chiffon and slipper satin gown with a high neck and chapel length train. The gown was decorated with chiffon ruffles at the neck and yoke. Her open crown picture hat was covered with chiffon and slipper satin and decorated with a satin bow. She carried a lace fan adorned with Royal Bouquet Orchids, Stephanotis, miniature Roses and English Ivy.

Patti Barnett was her sisters Matron of Honor, bridesmaids were Sarah Scott of Maine, and Laurie Drielick of Saginaw. The flower girl was Jennifer Lech. They all wore matching pink tea length gowns of satin stripe polyester crepe with ruffles at the hem and a chiffon yoke, with open crown picture hats covered with material to match their dress and decorated with a satin bow and baby Carnations, and carried baskets of wild flowers with ribbon streamers to match their dresses. The gowns for the wedding party were designed and fashioned by Mrs. Jon Schultz of Grayling.

Best Man was Brian Barnett. The groomsmen were Robert Williams of Florida, Jeffrey Flick of Nevada, Isaac Tobin was the ring bearer.

Ushers were Jim Tobin and John Tobin.

The bride is the daughter of Mr. and Mrs. Philip Townley and is a graduate of Grayling High School. The groom is the son of Mrs. Loretta Tobin and Mr. Albert Williams, Frederic. He is a graduate of Grayling High School and is presently serving with the Air Force.

The brides mother wore a lavender floor length gown with chiffon bodice overlay. The grooms mother wore a teal blue floor length gown with chiffon long sleeves and yoke decorated with matching lace. Both wore a royal bouquet Orchid accented with Stephanotis.

Following the ceremony a reception was held in the Fellowship Hall. Refreshments were catered by Miss Carlene Englund. The wedding cake was made by Irma Lewis of Bad Axe, aunt of the bride. A musical program was presented by friends and relatives of the couple.

Two hundred and fifty guests attended from Midland, Saginaw, Ann Arbor, Kawkawlin, Flint, Waterford, Ionia, Grand Rapids, Livonia, Boyne City, Harbor Beach, Bad Axe, Pigeon, Frederic, Indiana, Florida, Nevada, Maine and Grayling.

Following the wedding the couple returned to Nellis Air Force Base, Nevada.

He is the son of Mr. and Mrs. George Rushton of Warren, but spends part of his summer vacation along with his brother Thomas, in Grayling visiting his grandparents, Mr. and Mrs. Jack Rushton. So come to the center and have dinner and hear him play, or come after dinner. All are welcome.

BPW Meet

Grayling Business and Professional Womens Club met on July 7th for their regular meeting at the Holiday Inn.

It was agreed to enter the Milltown parade on August 6th. The District 3 council meeting will be held in Elk Rapids on July 16th, officers are to attend. We voted to make a contribution to the B & P Cancer fund next month.

Miss Denise Kitchen gave a talk to the club on her time in Germany as an exchange student. She wore a costume that is worn there and gave us much information as to what she learned and did while there, she also showed us her souvenirs and pictures that she brought home. We truly appreciated her thoughtfulness.

Our August meeting will be a picnic at the home of Hertha Laupmanis.

The club was presented with a check from United Way to be used for our community service project.

In July canoeists and fishermen using the local rivers for recreation will be seeing the brilliant red blossom of the Cardinal Flower. This native of North America has some thirty cousins in the United States. While I have not seen a four and a half foot tall specimen (one source I have claims they attain such heights), you should see two footers. The flowers appear near the top of the erect stems. The stem is not commonly branched but is smooth or with some down. The leaves are alternate, thin, smoothly green and conspicuously veined and may be to six inches long and up to one and a half inches wide. The numerous red flowers are on short individual stems. There are two corollas which are one and a half inches long (these will remind you of wings); below this will be three relatively distinct lobes. Above the corollas will be a tube about one inch long. Flowering time is July through September which makes the Hummingbirds happy because they are the chief pollinators. This flower is relatively common but overpicking has resulted in its scarcity in some areas. The flower attained its common name because of the similarity to the bright red robes worn by Roman Catholic Cardinals.

Women Bowlers

The Grayling Womens Bowling Association will hold their annual fall meeting Wednesday night, August 3, 1983 at 7:30 p.m. in the Legion Meeting Room. All secretaries from mixed and womens leagues are urged to attend. Your supplies for the year will be distributed at this meeting. Anyone planning on bowling on any league is invited to attend. If you have any questions contact Sandi Hoffman at 348-3241.

Quilting was the theme for the Craft Day, July 7, at the Crawford County Library. Jill Wyman along with her two daughters, Dawn and Alison, showed different blocks that can be made along with different quilts. Mrs. Wyman talked about the need in the early days for the quilts and explained how children often began to make quilts when they were 2½ years old.

The children attending the program tried their hand at piecing a quilt top together. The pieces the children sewed together will be placed in a wall hanging that will be on display at the Ice-house Quilt Show July 30 - Aug. 3. It will later be given to the library.

The Summer Reading Programs

I would like to express my thanks & appreciation to each one that made my stay in the hospital comfortable. I thank the nurses that took such good care of me, Dr. Blaha and all of the staff during the five weeks that I was there, also thank you Pastor Barnett and Donna for taking me to Traverse City for my eye surgery, members of Calvary Baptist Church, my neighbors and friends for all of their visits, prayers & gifts, and thank you Jack Gugin for taking care of my yard for me.

Ruth Hooper

Mother Goose will appear like magic at the Crawford County Library Thursday, July 21, from 11 to Noon to tell her tales and have fun with the children. Youngsters from four to six years old are invited.

The Imperative Alternative

The most severe threat we face at this moment in human history is the NUCLEAR BOMB. The crucial alternative is peace or war.

No generation ever faced a more destructive threat or at the same time faced greater possibilities.

It is a strange paradox that just when we stand at the edge of a new age of great promise we should be threatened with utter destruction.

Trust in the philosophy of force has brought us to this fateful hour. If there ever was a time when we should use our intelligence and be moved with compassion it is now

Power Diplomacy has been the bane of civilized society. Historical perspective should teach us that force is always met with force. Building stronger more powerful armaments will never win the peace. Only conciliation and communication will achieve it.

Welcome to news of the Retired Senior Volunteer Program. RSVP's throughout Region V attended the ACTION conference in Chicago, June 8-10, 1983. During the conference, directors, sponsors, national, state and regional staff officers have an opportunity to meet each other and discuss mutual problems, solutions and various programs developed by each project. In the course of these discussions, we learn how different areas handle problems and activities. Each RSVP project adapts to the needs of its individual community.

Here in Crawford County, we have several unique programs. One is the Hartwick Pine Natural History Museum Bookstore. Started over 9 years ago, volunteers have served many hours and acted as unofficial greeters to thousands of visitors to the Pines and Crawford County.

Volunteers are also busy this summer at the newly reopened Grayling Fish Hatchery. RSVP volunteers greet visitors, make change and answer questions concerning the area.

Both these assignments present an opportunity for volunteers to use their experiences in the community or their skills they have acquired to good use.

If you'd be interested in more information about RSVP or are interested in the above assignments, give us a call at 348-4341 or 348-8322 Monday-Friday

The only requirements are you must be 60 years of age or older.

Would you like your valuables marked? FREE!! (Retired Senior Volunteer Program) in co-operation with the Crawford County Sheriff Department is providing FREE to all residents, an opportunity to have their valuables permanently marked. Social Security or drivers license numbers will be engraved on your TV, stereo, etc., by trained RSVP volunteers who will come to your home at your convenience. Facts of Law

by
Alton T. Davis, PC
Attorneys & Counsellors
at Law

If you take pictures on your vacation and the film processor loses or destroys your film, all you can collect from him is the cost of the film.

A DEPOSITION is the testimony of a witness taken out of court before a person authorized to administer oaths.

A bill of sale is merely a receipt signed by the seller to transfer title to the buyer. It is neither a bill nor a contract.

Don't fall asleep in the bathtub in Detroit, Michigan. It's against the law.

A person or company has the right to stop a competitor from imitating or duplicating a trademark if the general public is likely to be confused by the marks. However, if products are not competing in the same market (for example Cadillac automobiles, Cadillac dog food, and Cadillac boats) a trademark may represent different companies without confusion.

Blueprints For Family Living

By Nancy K. Holcomb
"Do you know where your children are?"

You may answer yes to this question. Yes, you attempt to know at all times where your children are. Yes, you are aware of the possible dangers your children face in today's world. Yes, you attend to all the physical needs of your children. Yes, but what of their spiritual needs?

Do you know where your children are spiritually? "Train up a child in the way he should go: and when he is old, he will not depart from it."

"Train up a child," the Bible says, for in a world of continuous change a child's spiritual growth is as important as his physical growth. A child has the need to know the holy scriptures to make him "wise unto salvation through faith which is in Jesus Christ." As a child's body needs food to grow strong so does his soul need daily nourishment in the knowledge of God.

This daily nourishment of spiritual knowledge comes from the Lord. "Let thine heart retain my words: keep my commandments and live." These guidelines for living come with understanding and understanding

by teaching: 1.) in the ways of wisdom, justice and judgement; 2.) applied with mercy; 3.) sought in truth; and 4.) above all, accepted through trust in the Lord with all that is thy heart and soul.

Then shall your children understand the fear of the Lord and walk in the ways of the holy scriptures: then shall you know where your children are.

ALUMNI NEWS - A BIT OF NOSTALGIA—It is nostalgia time as we plan on Homecoming. Do you remember La Vere Cushman? He was here '28-'32. He taught Algebra...and was our Basketball Coach. This picture is dated '30-'31. Sure brings back memories. We loved basketball at G.H.S. Our most ardent fan was Jimmie Reynolds...did a lot of refereeing on the sidelines. Our Cheerleader was Charlie Hill...and lead he did! We sang our School Song with such pride...“Grayling Will Shine” is still fun to sing at Homecoming. Too late to put in our annual letter...we have learned of the death of Ernest Parsons, Class of '49. 1634 Penn, Marysville, MI 48040.

Hidden and Satanic Messages in Rock Music

A sobering and informative program presented by Michael Mills, President of Research Ministries of Coldwater, Michigan.

Mills, 27, through taped excerpts from many of today's top rock groups, will expose through lyrical content messages that blatantly worship Satan, encourage love pact teenage suicides, promote homosexuality, sadomasochism and mock Jesus Christ.

The multi-media presentation will include 100 plus slides describing album covers that contain occultic symbols and subliminal messages. The program will also involve playing hidden messages that can only be found while playing the music in reverse.

This international presentation has been received by thousands of parents and teenagers in churches, auditoriums, high schools, and colleges; it is now available in cassette that has been made available to the public. To receive a cassette tape write, Michael Mills, P.O. Box 574, Coldwater, Mich. 49036.

This Research Ministries presentation will be at Grayling High School Auditorium on July 21, Thursday, 7:30 p.m.

LOSING A CHILD ISN'T EASY.

How can parents help themselves?

When a child dies parents experience all of the usual feelings of grief such as anger, guilt, loneliness and sorrow. Their child may have been a social link to the community, without whom they feel out of place and isolated. Special difficulties can arise for parents that may jeopardize their marriage. Communication breakdown over feelings about their deceased child is common. Expression of feelings may anger or distress the other partner.

Parents who lose a child need to make extra efforts to support one another, to keep their lines of communication open, and to work out their feelings of loss. Focusing attention on the ways the death affects their relationship to one another and to surviving children is important. Seeking help from other grieving parents' or from qualified professionals can be beneficial.

NO FISH STORY THAT GOT AWAY—Don Geiss, Grayling Chamber of Commerce PR director and host of the WQON radio Northern Michigan Today program proves that he tells the public true fish stories as he shows off this 19-inch brown trout he caught recently on the Manistee River.

Chamber Chatter

By Joyce Kolka

The Chamber Board of Directors has agreed to serve as the pilot organization to form a snowmobile council in Crawford County and affiliate with the Michigan Snowmobile Association. The state group has recently reorganized and is placing a heavy emphasis on working with the local councils on problems related to the sport. Board members expressed the feeling that by affiliating, the state group could be of help in solving such problems as grooming frequency and access to trails. In order to form the council, the chamber must have a minimum of four local clubs or civic groups agreeing to back the formation of a council. Clubs interested should send a letter to the chamber indicating that the members have voted to back the formation of a council.

Of course, the major news this week from the chamber is the upcoming Milltown Festival and the great plans that have been made for it. First of all, the program has been printed and copies are available from merchants and the chamber office.

It appears that the Mud Wrestling contest will become a reality on Wednesday, August 3 in the Bear Tent. The Knights of Columbus and Lions Club have offered the facility and the Crawford AuSable Schools will provide the bleachers. Sherry Hanson, chairperson for the event, is accepting applications from contestants. She has requested that interested persons should contact the chamber office (348-2921) or herself at Great Lakes Federal Savings (348-7651). She noted that there will be prizes for the winners in various weight and sex classes.

Laura Gould at the Senior Center informs us that the plans for the Heritage Day events on Thursday evening August 4 are completed. She said that the evening will begin at 7 p.m. with an old time crafts exhibit covering such items as quilting, tatting, chair caning, whittling, and totem pole carving. An ice cream social and square dance will round out the evening beginning at 8 p.m. Mrs. Gould said that an excellent square dance caller will be on hand for the program. During intermission, the Senior Citizen of the Year, Bernie Engel, will be introduced.

Recently completed were plans for a Hole-in-One contest at the Grayling Country Club. Prizes will be awarded for landing on the green in one shot and of course a grand prize for the hole-in-one.

Howard Taylor, Hanson Hills Recreation Area manager has plans set for the Potluck Dinner on Monday, August 1. He pointed out that the Citizen of the Year will be named during the dinner.

Speaking of the Citizen of the Year, chairman Joe Wakeley is accepting written nominations for the award. He has requested that letters be sent to the chamber office. He said that the styles of the letter is not important. It should contain all information that qualifies the nominee for the award.

Helen Campbell, chairperson for the Kids Day activities, has announced that the Kids Parade will include clowns, horses, Miss Piggy and Yogi Bear. She said that the parade will start from the Middle School at 1:30 p.m. on Wednesday, August 3 (see article in this weeks Avalanche).

Negotiations are now being conducted with the director of the Baldwin High School Band to appear in the Grand Parade on Saturday, August 6. If all arrangements are settled, they will also present a concert at 11 a.m. on the same date on the Grayling State Park lawn.

Good, basic material has gone into her construction. Her skipper is capable, courageous and confident. She is well equipped to handle treacherous storms.

Are you prepared when storm signals appear in your life? The answer may depend upon your own basic training and experience. If your life has been built on faith, a further gift will be that extra measure of courage . . . when the going gets rough.

Fortunately, our life can be rebuilt. Through regular worship we can find a new faith that will guide us to that safe destiny.

City Council Proceedings

Regular meeting of the City Council held July 11, 1983.
The meeting was called to order by Mayor Thompson at 7:30 p.m.

Members present: Thompson, Sloan, Golinick, Sabin, Latuszek.

Members absent: None

Also in attendance: Jerry W. Morford, City Manager; Allen V. Schreiner, City Treasurer; Peter Stephan, Grayling Police Chief; A. Donald Sorenson, Grayling D.P.W.; Don Geiss, WQON; Karen Kammer, Grayling True Value; Janet Raymond, R & H Sports, Gloria Stephan.

Mr. Sloan asked that the 6-27-83 minutes be amended to show that a 10 minute discussion took place regarding the proposed Budget Amendments prior to the passage of Motion 83-71.

Motion by Sloan, supported by Thompson that the minutes of the meeting of June 27, 1983 be approved as amended. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Citizens who wish to speak.

Representatives of the Grayling Promotional Association appeared to request that Council approve the closing of Michigan Avenue from the Hotel to Spruce Street for the first two days of the Milltown Festival. They were aware that the I-75 B.L. could not be closed for that time but wished to have the balance of the noted area restricted from driving and parking. Their request was for Friday, July 29 from 10:00 a.m. to 9:00 p.m. and for Saturday, July 30 from 10:00 a.m. to 5:00 p.m. The main purpose is to hold sidewalk sales and to have more space to have activities in the area. Questions were asked by Council relative to approval of the business people in the downtown area. Mr. Golinick asked if anyone had approached the Sheriff concerning the ambulance route. Mr. Morford suggested Peninsular Street between the Bank and Olson's. Discussion of several alternatives took place. Mr. Thompson requested the committee to poll the downtown merchants and determine their feelings. Mrs. Raymond and Mrs. Kammer agreed to conduct such a poll and report their findings to the City Manager. Police Chief Stephan gave his opinion as a Police Officer that Peninsular Street would be best and safest. Ms. Latuszek stated that what is necessary is the co-operation of everyone to aid these festivals. Mr. Sabin noted that perhaps the Council should move ahead with this idea if there is a favorable opinion and let the persons opposed to the project voice their opposition for the whole community to see. Ms. Latuszek requested a special meeting to hear the results of the poll. Mr. Thompson called a Special Meeting for Thursday at 12:00 p.m. in the Council Chambers. Chief Stephan requested that Sheriff White be invited to be present. Mr. Sloan agreed.

Communications were received and noted.
From M.M.L. re: Legislative Bulletins.
From M.M.L. re: Legal Defense Fund.
From M.M.L. re: Annual Convention & Designation of Delegates.

Motion by Thompson, supported by Latuszek that Councilman Golinick be appointed voting Delegate and City Manager Morford be appointed Alternate Delegate. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Old Business

Discussion of disposal of the 1979 Ford Sedan took place. The City Manager reported that no bids were received in response to the advertisement. Council agreed to re-advertise with bids to be received by August 5th, to be opened at the Regular Council Meeting of August 8, 1983.

Mr. Morford reported on the status of the 1983 Street Construction Program. Paving is in process and the project should be completed on schedule.

Estimate No. 2 from M & M Construction was presented in the amount of \$104,919.90. The City Manager and the Engineer recommended approval. Questions were asked about items 17 and 25 of the estimate.

Motion by Latuszek, supported by Sloan that contractors estimate No. 2 from M & M Construction Co. be approved for payment in the amount of \$104,919.90. Ayes: 5, Nays: 0, Absent: 0, motion carried.

New Business

Discussion of a building site for the Grayling Regional Chamber of Commerce took place. The proposed structure would be 24'x44' and a question has been asked if the building could be located in the City Park. It would be built by the Vocational Tech Students of the High School and funding would be from HUD. Mr. Golinick asked "if the site were approved, would the building be open on Saturdays?" Mr. Geiss replied that he thought it would be open on Saturday.

Motion by Golinick, supported by Sloan that Mr. Morford work with the Chamber of Commerce and try to establish the best spot and report back to Council. Ayes: 5, Nays: 0, Absent: 0, motion carried.

The City Manager presented a proposed resolution regarding a Property Tax Administration Fee. After much discussion the following motion was offered.

Motion by Golinick, supported by Sloan that the Treasurer of the City of Grayling be authorized to collect a Property Administration Fee of one percent (1%) of the July 1 taxes levied and paid prior to August 2 of each year. Commencing with August 2 a late penalty of three percent (3%) shall be added to the tax and commencing with September 1 an interest charge of one percent (1%) per month shall be added.

Further, the Treasurer shall collect a one percent (1%) Property Administration fee for December 1 taxes levied and paid prior to February 15 of the succeeding year. On February 15 a three percent (3%) late penalty shall be added to the tax. March 1 of each year all unpaid taxes shall be turned over to the County Treasurer as delinquent.

Ayes: Golinick, Thompson, Sloan, Nays: Latuszek, Sabin, Absent: None, motion carried.

This matter will be discussed during budget preparation for the next budget year.

Mr. Sabin asked about summer sprinkling rates. Mr. Morford is researching the matter and will report at a later meeting.

Motion by Sabin, supported by Sloan that the Crawford AuSable School Committee be invited to a meeting to discuss the sewer system of the new Middle School. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Sabin asked if any further information had been obtained relative to loans for street construction. Mr. Morford replied that the loan funds are available for street repair and not new construction.

Mr. Sloan asked if it would be possible to cut out the old curbs at Clyde Street and other locations at the intersection on the new Michigan Avenue sidewalk to slope the sidewalks for handicapped persons. Mr. Morford estimated a cost of approximately \$100.00 per curb cut.

Mr. Thompson noted that the Booster Club has asked for the area between the Pedestrian Bridge and the Railroad Bridge on the AuSable River be restricted for children's fishing only.

Motion by Thompson supported by Sloan that the area between the Pedestrian Bridge and the Railroad Bridge be restricted to fishing for children only and that the Booster Club be allowed to place appropriate signs in the park. Ayes: 5, Nays: 0, Absent: 0, motion carried.

The Grayling Area Canoe Livery Association is sponsoring a canoe race for kids between the ages of eleven and seventeen again this year. The race will be held the same day as the annual marathon canoe race, Friday, July 29th, 1983.

There will be three age groups: 11 to 12 year old, 13 to 14 year old, and 15 to 17 year old. Awards will be given in each age group for 1st, 2nd, and 3rd places.

The race will start at the State Street Bridge in Grayling, from Carlisle Canoes. The 11 to 12 year olds will start at 10:30 a.m., and finish

at Louis Landing, a 10 mile run. The 13 to 14 year old group will start at 10:15 a.m., and also race to Louies. The 15 to 17 year old group will start at 10:00 a.m., and race to Stephens Bridge Landing, a 17 mile run.

Canoes to be used are 17 foot aluminum and paddles are to be the standard Carlisle paddle. No bent paddles or wooden paddles will be allowed.

All the Grayling Area Canoe Livery Association members have agreed again this year to allow participants to use rental canoes for practice at no charge, on weekdays only. The participants are responsible for their own pick-up of the canoes for the practice runs. Canoe livers will not make pick-ups without charge.

Competitors can sign up by contacting Mike or Kathy Lovely at Carlisle Canoes at 110 State Street. Permission slips must be signed by parents or guardians to be in the race. A \$1.00 entrance fee will be charged per person.

between the footbridge and railroad bridge. That area was proclaimed recently by the Grayling City Council as a Kids Only fishing area.

Sharon Priebe or Ginger Rice, co-chairpersons for the event, may be contacted for further information. Mead said, but basically the rules are simple. He said the age limit will be any age through 15 years. Other than size, prizes will be awarded to the youngest fisherman to catch a fish. Each kid must supply his own rod and reel, although there will be some sinkers, hooks, and bait on the scene. The Grayling Fish Hatchery personnel will act as official judges for the weigh-in and measurement.

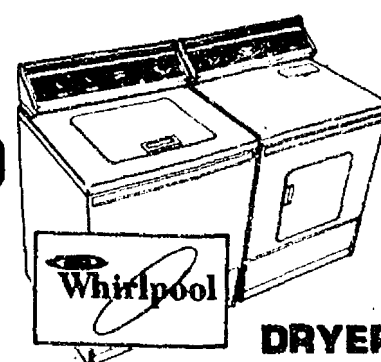

The Winter Carnival Committee, under the direction of chairman Tim Mead, decided to get into the Milltown Festival "act" by giving the kids a chance to win a prize and in turn make some needed dollars for the snowtime event.

They will be helping to fund the Winter Carnival by selling badges as an entrance fee to the contest. But, according to Mead, they will be giving the kids a chance to win prizes such as fly rods, tackle boxes, and fishing lures.
